

Material Card splitter MULTI 10 EC

Splitter MULTI10 EC

The MULTI10 EC Splitter allows you to connect and control up to 10 heaters or air curtains with the EC fan. The splitter allows to ensure a convenient and safe connection of the signal cables to control the speed of the fans. The power supply for the heater motors and the INTELLIGENT WIFI EC controller should be provided independently.

To use the DOORSTOP switch it is necessary to provide the power supply for the splitter.

MULTI10 EC splitter works with:

- HEATER CONDENS ONE/CR EC and MAX EC (up to 10 pcs.)
- GUARD PRO EC air curtains (up to 10 pcs)
